NOTICE TO CONTRIBUTORS

This is a regular journal published by the Egyptian Society of Parasitology and is concerned with the publication of research papers in the field of Parasitology and related subjects. Three volumes are published annually April, August and December. Two types of communications appear regularly; papers and correspondence. Letter to the editor is also published. Publication is not restricted to Fellows of the Society but non-Fellows can also publish on their own expense. Manuscripts should be signed by the author or authors concerned and sent to the Chief Editor. All the manuscripts are peer reviewed. However, the authors alone are responsible about all the data and scientific views they expressed.

Instructions for manuscripts preparation: Paper should be sent in type-written, on one side of the paper (page size 21x249.7 cm, A4, Times New Roman, font 12, and tables on separate file), all on a CD-R., or by E: mail. Papers should be as concise as possible and provided with a brief abstract (only very short summary of your own results), key words and a brief conclusion.

Illustrations: (photographs, line drawings, graphs and tables) should be kept to the minimum. Details of results presented in this way should not be repeated by anyhow in the text. Original colored plates (12x18 cm) can be included only at the author's expense. Line drawings, maps, graphs and tables should be approximately final size. Pronouns such as I, my, we, our, should not be used and my or our results should be replaced by in the present study or results. Discussion must be for your own results in relation to others and not in any way, a review of literature or aim of the work.

References: References should be listed at the end of the paper and arranged in an alphabetical order of authors, including: (i) the author or authors' names and initials, (ii) year of publication, (iii) full title of paper, (iv) Journal's title, (v) volume number, (vi) issue number, (vii) first and last page numbers. Titles of journals cited are to be abbreviated as in the World List of Scientific Periodicals, 4th edition, 1964. The M.Sc. or Ph.D. thesis is not accepted at-all as a reference. The abbreviations through-out the text and tables should conform to the Standard International Units as far as possible.

Letters: to the Editor should be as possible not to exceed 400 words, graphs and illustrations will not be accepted and references must be kept to a minimum.

Author(s); can have any number of their reprints free of charge when the whole journal issue online.

Abstracts: journal is abstracted in Helminthological Abstracts, Series A, Protozoological Abstracts (Commonwealth Institute of Parasitology), Veterinary Bulletin and Index Veterinarius (Commonwealth Bureau of Animal Health), TDB, Review of Applied Entomology, Quarterly Bibliography of Major Tropical Diseases, US Medline database (Index Medicus ISSN: 0253-5890) the WHO Eastern Mediterranean Region Index Medicus (www.emro.who.int/His/VHSL/Imemr.htm) and Encyclopedia (http://en.wikipedia.org/wiki/Hirsch_number)
